

## LABOR SERVICES DIVISION[875]

### Notice of Intended Action

**Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”**

**Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.**

Pursuant to the authority of Iowa Code section 88.5, the Labor Commissioner hereby gives Notice of Intended Action to amend Chapter 10, “General Industry Safety and Health Rules,” and Chapter 26, “Construction Safety and Health Rules,” Iowa Administrative Code.

The proposed amendments adopt by reference changes to federal occupational safety and health standards. The federal standard changes make corrections and technical amendments to the general industry and construction standards. The federal Occupational Safety and Health Administration determined that these changes were not subject to the procedures for public notice and comment found in federal law because no stakeholder is likely to object and the changes do not impact existing rights or duties.

The changes correct references in the process safety management standard; hazardous waste operations and emergency response standard; permit required confined space standard; sawmill standard; pulp, paper, and paperboard mill standard; bloodborne pathogens standard; and the medical services and first-aid standard. The federal rule-making document removes a records transfer provision concerning professional diving operations and removes incorrect references in the 13 carcinogens standard. The federal rule-making document adds to the standard pertaining to grain handling facilities a reference to a 1985 compliance directive. Other changes concern the poster requirements for the servicing of tires and wheels; how to file reports of employees injured by mechanical power presses; and the correction of typographical errors in the air contaminants standard.

The principal reasons for adoption of these amendments are to implement legislative intent, protect the safety and health of Iowa workers, and make Iowa’s regulations current and consistent with federal regulations. Pursuant to Iowa Code subsection 88.5(1) and 29 CFR 1953.5, Iowa must adopt changes to the federal occupational safety and health standards.

If requested in accordance with Iowa Code section 17A.4(1)“b” by the close of business on July 17, 2012, a public hearing will be held on July 18, 2012, at 8:30 a.m. in the Capitol View Room at 1000 East Grand Avenue, Des Moines, Iowa. Interested persons will be given the opportunity to make oral statements and file documents concerning the proposed amendments. The facility for the oral presentations is accessible to and functional for persons with physical disabilities. Persons who have special requirements should call (515)281-5915 in advance to arrange access or other needed services.

Written data, views, or arguments to be considered in adoption shall be submitted by interested persons no later than July 18, 2012, to Division of Labor Services, 1000 East Grand Avenue, Des Moines, Iowa 50319-0209. Comments may be sent electronically to [kathleen.uehling@iwd.iowa.gov](mailto:kathleen.uehling@iwd.iowa.gov).

No variance procedures are included in this rule making. Variances procedures are set forth in 875—Chapter 5.

After analysis and review of this rule making, jobs could be impacted. However, these amendments are implementing federally mandated regulations, and the State of Iowa is only implementing the federal regulations. The requirements imposed on Iowa businesses by these regulations do not exceed those imposed by federal law.

These amendments are intended to implement Iowa Code section 88.5 and 29 CFR 1953.5.

The following amendments are proposed.

ITEM 1. Amend rule **875—10.20(88)** by inserting the following at the end thereof:
